MAINTENANCE PLANS

BASIC MAINTENANCE

$75/year or $6.25 per month

Includes .5 hours of maintenance per month. Unused time rolls-over to following months, but not to subsequent years.

STANDARD MAINTENANCE

$100/year or $8.33 per month

Includes .5 hour of maintenance per month. Unused time rolls over to following months. Up to two (2) hours of unused time may roll-over to subsequent years with annual contract renewal.

PRO MAINTENANCE

$125/year or $10.41 per month

Includes 1 hour of maintenance per month. Unused time rolls over to following months. Up to two (2) hours of unused time may roll-over to subsequent years with annual contract renewal.

Why Choose a Maintenance Plan?

Like a warranty on a new car, our maintenance plans are offered to protect you should you require changes to your website. When you need work performed on your website, having a maintenance plan is less expensive than not having one at all.

How Do I Save Money With a Maintenance Plan?

Clamshell Studios normally charges $40/hour for maintenance, billable in 15-minute increments. By simply having a maintenance plan, you can reduce your cost to $12.50 ***or less*** per hour.

What Happens To My Unused Time?

Unused time may be “banked” and automatically rolls over to subsequent months and, depending on your plan, future years. This allows you to save your time for major website revisions, even a complete redesign!

What If I Run Out of Time?

You are permitted to “borrow” time from future months of the same year if your current annual plan is paid in full. In addition, clients who have a current maintenance plan pay only half of Clamshell Studios’ usual hourly rate for maintenance.

THREE SUBSCRIPTIONS DESIGNED TO MEET THE NEEDS OF YOUR SMALL BUSINESS!

BASIC $75/year	STANDARD $100/year	PRO $125/year

COMING
FALL 2010

CLAMSHELL STUDIOS POWERTOOLS

PowerTools Simplifies Your Small Business.

Powerful doesn't need to mean complex. Our tools are built with the novice in mind.

Site Management

Easily maintain and edit your own site using Clamshell Studios' Dynamic Panels. Edit your pages using a familiar word processing interface. You have complete control over text decoration, placement, colors and more. PowerTools even keeps track of all of your page changes for easy revision. Insert pictures, tables, PowerTools Elements, such as rotating banners, contact forms, blog widgets and more! All of your data is stored in our secure, back-end database.

Contact Management

Create and manage your own forms, then include them on your website. Create mailing lists, newsletter subscriptions, quotation requests and more. PowerTools will store the information your customers fill out and allow you to generate reports, contact prospects and export contact lists for use in mail merges. Email blast only the contacts you want using our email marketing tools and enlarge your contact database virally using built-in forward links, Twitter and Facebook integration.

Email Marketing

A complete email marketing solution! Blast email contacts stored in your database and collect important marketing information, such as opens and click-throughs. Complete email accounting informs you of unsubscribes and bounce-backs. Seamlessly integrate company newsletters using our robust editor. Automate and personalize your emails using mail merge fields. We offer the same solution as several our competitors for a mere fraction of the price!

Blog Management

Create and edit a blog, your blog roll and more!

Form Builder

Create custom contact forms, subscriptions & more!

File Storage

Save documents & images and add them to your site.
